Lori, that would be great. Preferably before 10 AM, but whenever you have time would be fine.

Hi Tony
I am working away from the office today. I will be back to the lab on Monday. Would a call on Monday morning work for you?
Thanks.
L.

Subject: Lower Umatilla Nitrates

Hi Lori,

In my most recent conversation with Leah Feldon about Lower Umatilla Nitrates, she suggested I give you a call regarding some questions I have about DEQ well monitoring activities within the LUB GWMA. I hope you may have a few minutes within the next few work days for us to talk. I can be reached by reply to this email, at the numbers/addresses below, or by mobile at: Ex. 6 Personal Privacy (PP)

Thanks,
Tony
